

WHISTLER

Hot secrets. Cold deceit.

WHISTLER

Whistler, one of the world's most glittering winter playgrounds, provides the backdrop for snow, sex and scandal wrapped in mystery.

Whistler chronicles the lives of three families living in the seemingly perfect world-class mountain resort that is the Mecca to elite athletes from all over the world. But when a local snowboarding legend returns from the 2006 Torino Winter Olympics with a gold medal, only to be found dead on the slopes, it sends shockwaves through the community. Beck's mysterious accident sets the stage for the series and forever changes the lives of his friends and family - all of whom have their stories to tell - and their secrets to keep.

The Varlands, epitomizing the wealth and power of Whistler, the McKaye's, an average middle class family running a Tavern for locals and the Millers, young sisters struggling to make ends meet, find their lives inextricably intertwined by the sudden and mysterious death on the slopes of snowboard Olympic champion, Beck McKaye.

**The truth is hard to find.
